Listening and Leading

scott.williamson01@comcast.net

Greetings Party Leaders!

Dear Party Leader,

We are excited to be here in Austin with so many party activist. It is our hope to get a chance to talk with you and listen to your thoughts and ideas.

We will work together as a team to serve our region. You will get twice the service, two times the listening ears, and double the effort for our region.

We want to continually hear from you, the activist on the front lines. If you think of something after LSLA that you wish to talk to us about you can contact us.

Scott. 615-578-8180

Charles 865-448-6493

We look forward to seeing you again at our National Convention, if not sooner.

Liberty!

Charles

Listening

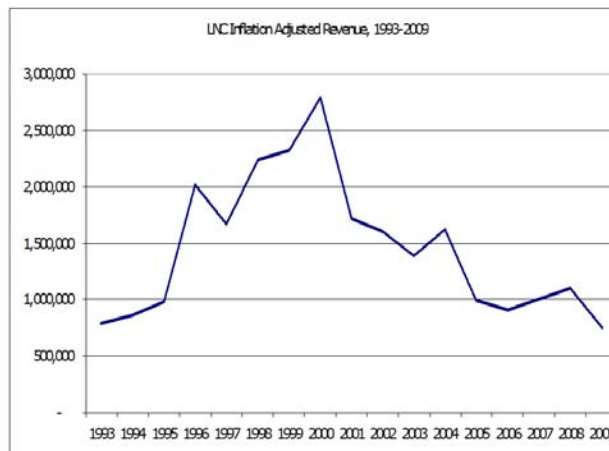

Before we started our campaign we sent out emails, letters, and made many phone calls. We wanted to see what you the party activist had to say. A Representative can not represent their region if they are not listening to you. While we have many ideas, we do not have all the solutions. We still are, and will continue to listen to what you have to say and where you want to take our party.

Challenges

Our party has a bright future, but only if we take steps in the right direction. We are currently seeing declining membership and dwindling donations. All while the LNC fight over parliamentary procedures and battles personality conflicts.

Solutions

- Listen to party activist and state leaders
- Open and frequent contact with state leadership
- Effective spending of monies
- Cooperate with other National Committee members
- Strengthen State Parties
- Support local activism
- Mobilize volunteers
- Lower fixed cost
- Advertise
- Increase outreach
- Activist education

"Courage is what it takes to stand up and speak; courage is also what it takes to sit down and listen."

- Winston Churchill

As your Representative I will listen to you and hear the direction you want to go. I will then stand up and speak for you on our national committee.
